RADIO RUTGERS

Hello there,

Now that exams are over, we up here at Radio Rutgers can breathe again, and, in fact, over the exam period there have been some changes made at the station.

The soundproofing of our studios is almost done (due to Alan Nielsen, Our Technical Director), and it really gives the old place a very professional air. Previously, we used heavy sack cloth, and it seemed to collect more dust than sound. Another thing that we have changed is our format.

It seems that the students of Rutgers and N.J.C. prefer classical and semi-classical music over the popular kind, and, therefore, our programming has been changed with this fact in mind.

Our thirty day trial rebroadcasting of WQXR (New York) has been very successful, and we are now doing it on a permanent basis from 8:00 A.M. until we come on the air at 7:00 P.M. The station has also acquired a F.M. tuner of its own in order to receive WQXR, and we are now using it instead of University equipment which we had to borrow during the test. I think that the University is as happy about this as we are.

At the last I.B.S. meeting the problem of records came up, and the following are some of the record companies that we have had a great deal of success with.

R.C.A. Victor	Columbia	London	Regal	Atlantic	Capital
Okey	Mercury	Regent	M.G.M.	Rainbow	National
Robin Hood	Amuke	Savoy	Rondo	Derby	Neptune
Apollo					

If you use this list, please don't use the name of WRSU. Thank you. We have sent letters to various companies asking about classical L.P.'s, and I'll give the results in next month's letter. If any stations are really hard up for records (and you'd have to be really hard up) we have a quantity of Hillbilly disks that are yours for the asking. One of the better selections in the collection is "Jesus Hits Like the Atom Bomb." Any takers?

Well, that just about finishes this month's doings at WRSU, and so this is Radio Rutgers signing off until next time.

Sincerely yours,

Shelly Moreland

Radio Hutches

Now that this is over, we are sure of Radio Hutches can
be sure of it, and we are sure of it, and we are sure of it,
some of the things that we have done.

The soundproofing of our studio is almost done, and we are
sure of it, and we are sure of it, and we are sure of it,
a very professional air. Previously, we used heavy sound
it seemed to collect more than sound. Another thing that we
have changed is our format.

It seems that the students of Rutgers and N.J. prefer
classical and semi-classical music over the popular kind, and
therefore, our programming has been changed with this in mind.

Our radio has been reprogrammed by W.S. Hutches, and we are
very successful, and we are now doing it on a permanent basis from
8:00 A.M. until we close at 11:00 P.M. The station has also
adjusted its schedule of the day in order to receive W.S. Hutches, and we are
now making it instead of 11:00 P.M. which we had to change
during the year. I think that the University is very happy about this
as we are.

At the last N.J. meeting, the program of records was, and
the following are some of the records that we have had a
great deal of success with.

If you are able to, please don't use the name of W.S. Hutches.
We have with us a very large collection of records, and we are
and I'll give the name in next month's letter. If you are able to
really find us the records (and don't have to be really hard up) we have
a quantity of 11-inch disks that are yours for the asking. One of the
best collections in the collection is "Jazz like the New York."
Any interest?

Well, that just about finishes this month's business at W.S.
and so this is Radio Hutches signing off until next time.
